

Our Vision is for Warwick District to have no need for foodbanks.

Whilst there is a need, **our mission** is to effectively provide food and other household essentials to those in crisis or living in chronic poverty within Warwick District.

Our Strategy in achieving our aim is to:

- **Care for our clients** by providing food and essentials in an accessible, safe and effective way
- **Work with local partners** to provide accompanying support and appropriate signposting
- **Involve our community**, for example by gathering and distributing food
- **Support our staff and volunteers** to maximise their skills and time
- **Raise awareness** in the community of the issues surrounding poverty
- Be a **collective outreach** for our member churches

We aspire for all our activities and personnel to be consistent with **our values** of:

- Compassion
- Justice
- Treating everyone with dignity
- Offering welcome and care
- Accountability and commitment
- Community
- Being sympathetic to our Christian ethos

Warwick District foodbank is a Charitable Incorporated Organisation
Registered charity number: 1160705 | Registered in England & Wales
